

INDEX TO "MUSIC PERIODICALS" REVIEWED IN *NOTES* (1976-1982)

BY LINDA I. SOLOW

This compilation is a title index to the music periodicals reviewed, principally by Charles Lindahl, in a column which appeared in various issues of this Journal from March 1976 through September 1982. Included are title entries for all periodicals listed at the beginning of each review article. Titles of other periodicals mentioned in the content of the reviews are not included unless they are discussed in some detail, or full bibliographic and historical information for them is given. References have been made from former and varying titles to the present or principal title.

References are to volume: issue number and (date) in which the review appeared.
